*Evergreen Hospital

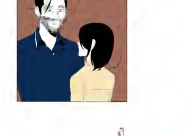
He-He's scary.
A... gangster?
Doctor.
M-Me?
Who else is here beside you?
Right
Right, I'm a doctor...
It's not been a long time since I started working here, and it's the first time I've been called "doctor"
Ah, I judged him because of his appearance
An odd point
He's tall..
Is his condition serious?
Yes? The patient?
Who else, then?
Ahh I'm scared
T-There's no need to worry this much...
I've heard everything.
A colon cancer is still a cancer. If it's true then how can it be not serious
What?
Well, that patient...

*Intestinal inflammation

This is how we met for the first time.

Time passed and finally that patient was discharged from hospital.

*korean raw beef



유쾌한 육회
*DelightFul Yukhoe
Ah, so he's Su Il's responsible
I saw Su Il's books in a bookstore, I'll make sure to read them later!
Haha... sure.
This happened before he became famous

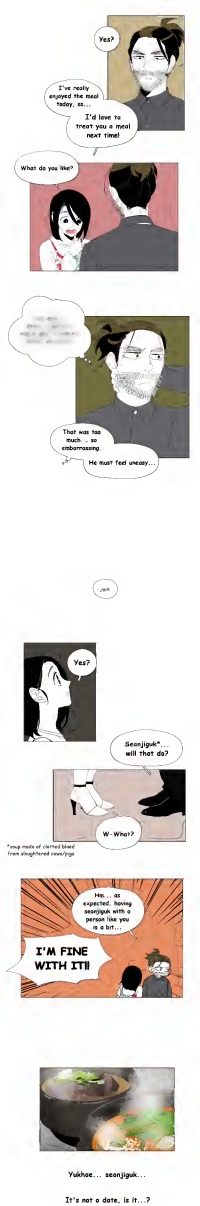
But is yukhoe really okay?
Sure~
I haven't been eating well. I'll gain energy and do my best at work!

유쾌한 육회
I enjoyed the meal.

...
Oh my, you're handsome.
You must be a reliable one

these won't do! You have to think quickly about what to say. You-a Cha Yeong! Quickly!

Then, now...
LISTEN!!



Yes?
I've really enjoyed the meal today, as...
I'd love to treat you a meal next time!
What do you like?
That was too much... so embarrassing.
He must feel uneasy...
...yuk
Yes?
Seonjiguk* will that do?
W-What?
*soup made of clotted blood from slaughtered cows/pigs
He... as expected, having seonjiguk with a person like you is a bit...
I'M FINE WITH IT!!
Yukhoe... seonjiguk...
It's not a date, is it...?

At least I've treated him... the patient has been discharged so I have nothing more to worry about
I should get going now...
So this is the end...

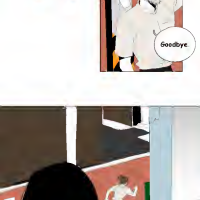
Goodbye



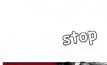
MR. SU IL!
Please wait. I have something to tell you!

Since I've taken your hand now we have to date.

...You've been really stubborn.
One thing led to another... we didn't have nobles back then either
I felt like I had to do it that time.

Then, when did you find out he was not an ordinary man?
I found out about Chun Soo when I first met him, so there was no need to hide it.

One day, a reaction of his was weird.



There was this kind of day

and also this kind of day

I thought he was just sensitive.

And that day

I should get going now.
It's time already.
I'll take you home.
It's okay, my house is right in front of this place. Let's part ways here.
Is it okay?
Sure!
Really?

You can meet a younger normal and good guy.
You're even at the age to get married, so let's end this meaningless relationship.

Am I a meaningless person to you?

NO, THAT'S NOT WHAT I MEANT!
I'M A VAMPIRE, AND YOU A HUMAN!

DON'T YOU KNOW WHAT IT MEANS?
I do

AAAAAHH!!!!!!

Also the food I eat is different and in the morning I only sleep.

And because I'm a vampire I neither age nor I die.
My age is even over 100.

Yeah, that's right! I even have a bereaved wife.
I'm a man of the past.

I still like you. If in the future I won't like you anymore, we can break up then.
Why do we have to do it in advance?

It'll be harder than now.

Would the "I'm sick of you" excuse make you ridiculous?
Because I do like you. I don't wanna see you suffer because of me.

No, if you like me then let's date, if you don't let's break up.

But, IF YOU LIKE ME THEN WHY DO WE HAVE TO BREAK UP!!!

Well, maybe it's a bit too much-
I want to marry you.
I didn't want to suddenly bring it up but, it's been a few years already since we've started dating...
It's not like it'd be economically hard for us to get married, not at all.
I want to settle down
And I also want to give birth to your baby

Even if you get pregnant,
The imagine of my family getting closer to death,

Even so, you still don't want to marry me?

Rather than not wanting to.
I can't...

Because of the smell I won't be able to eat anything at all.

I like doing this kind of stuff during my maternity leave.
Can't wait to let the child wear this as soon as possible.

Why... can't you eat anything why
You need to eat to live. How were you even born ...!
Do you wanna make you mum upset?!

You cannot feed him yet.

You have to eat blood

I'm really glad I'm an ordinary person.

Raising him day by day
what I found out is

that he's more
picky than his dad.

Except that he only
can eat people's blood

and that he can fly
and looks like him

he's like a person

Why my husbad is paying the price for
his fame, things have gotten a lot better.

We like in a nice house and
I'm eating well everyday

But, it's not the same

Things like this are
likely to happen.

Even though we eat well,

our Chun Sam who can't
eat as well as us

keeps having high
temperature and is
in pain.

He does have only me who can save him.
But I can't do much by myself.

That's the only way.

I... must do it.
I can do it.

I am his mum.

Everytime Chun Sam woke up,
his body had grown rapidly

but he still was like

I'm scared.
Unlike my husband, Chun

Someday, also his life

Maybe he's going to

Then, his life

AH!
TASTY.

The victims have bite marks on their neck, because of a loss of a great quantity of blood, they present a temporary anemia
This seems to be a rampant fact.

Ah, my God.

This kid's only sin is to be born.

If You exist,

please open Your door.

Where'd you like to sit?

Ah!

You can sit next to Chun Soo.

Oh my, what brings you here? You have stopped coming lately.
Do you have any vitamin drinks left?

For who?

Oh uhm ...

Be happy. At any cost.

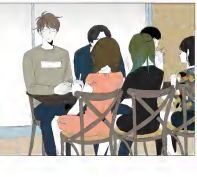
Mm Gyun, you're the only one. You're anyone it aren't you?
Does he look like one?
Ah come on.
You too don't look like a girl for me.
I've just come because of the project



Something urgent come up at home, I think I have to leave first.
Is it because there's no one you like?
Okay, you look like you're in a hurry. Bye.

this kind of stuff kept happening.

Thinking that the person you love could do this and that with another person..

Hurry up

Uhm .. my lips are kinda dry lately

Oh?
You still have it?

"Please lend me that"

But it's a gift from Min Gyun
I have a cold sore.
It's fine.
My lips are really dry.
Use your saliva.
I'll just make them worse!

Yi Sul-ah!
Why are you so late! You told me to wait just a little.
We almost missed the bus!
There's Chun Sam as well! Are you taking this bus?
Yup.

Why am I this annoyed

I has give away a chocolate Chun Sam gave me.

He'd feel the same if he knew what I did...

I'll study a little more before getting home.

Why do I feel this upset

Ah, found it!

Thanks

I too gave away a chocolate Chun Soo had given me

I'd feel the same if he knew what I've done

But still, I hate it

Chun Soo, and even those girls,

and even this heart of mine.

I just hate all this situation

But he's mine.

He is mine.

I'll study a little more and then I'll get home.

정시후 도착
Almost arrived

It's nurses' period. Since I'm the library. I'll study a little more and get home.

I think I should be studying as well.

Let's start tomorrow.

Chun Soo was still like a raw stone, I think.

If you remove well from the very beginning,

then it'll behave like in your true self

Alan, you've had

handsome

you're friendly and live well

They want to go on a blind date all together

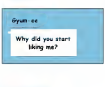
But they won't go if I'm not going with them

and also these people were cute

What am I ..?

If I lose Chun Som, what there'll be left for me..?

If Chun Som is not there...



Well, it's not like it is the only reason...
Uhm... what else should I say...? I don't even know how to express it...
The reason why I've come to like you...
Because he cared for me...? No, more than it...

We're not family for real.

We can break up anytime.

Mother and father are really kind, but they're "your" parents,

They treat me well because I'm just "your boyfriend".

We're 20 already.

We're still young, we have to enlist.

Now you say you do like me, but it can change anytime.

Just like it has been till now, good persons for you'll keep appearing.

Maybe you don't know, but there are lots of girls who like you

They're even all pretty.

You were popular in high school as well

I don't like seeing you surrounded by all those girls.

Also, they don't know you're dating a man,

I know you can't help it, but still

I just hate this situation too much.

Why didn't you tell me?!
Cuz I hate it!!

I don't want you to become aware of those girls,
and talking about it won't change anything!

People approach you and I can just stay still and watch.
Everytime it happens, I feel so small.
As if I'll lose you.

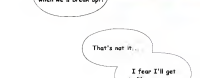
Even you staying by my side,
isn't it because you need blood?
You too said so.
Ah, that...I I d-dind't mean it like that...

I felt like I was holding onto your life, but
it's actually the same for you too.

If we break up, of course I won't be able to meet your parents anymore.
All the help I received while being together with you will fade away.
I WON'T HAVE ANYONE AGAIN!
I... I'll have to live alone again and work hard

Honestly, if it happened

I don't think I could stand it.



No matter how much I hold it tight, it'll eventually vanish
If all the things I've got from you were to vanish, I'll be left with nothing but an empty shell

I don't want to break up. I'm just getting ready before that time comes.

Honestly, I don't even know why you're still being this good to me.
Why is he doing this much for me...?
The fact that you like me, it's weird.

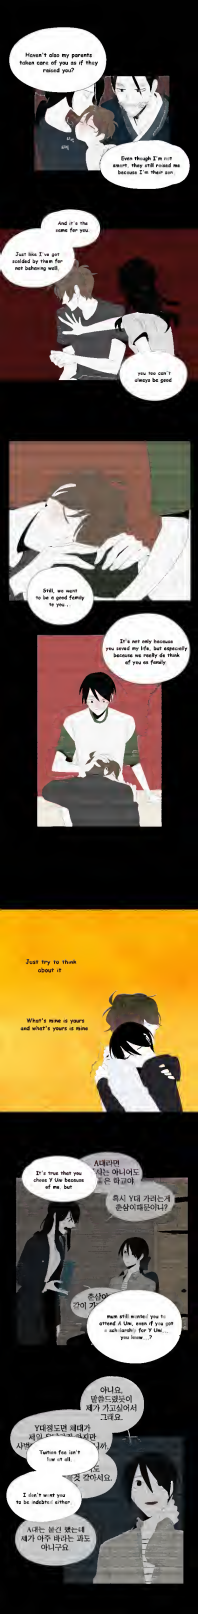
It's true that I must you will become you're my boyfriend
Even if we didn't have any relationship, we'd still care for each other



Haven't also my parents taken care of you as if they raised you?
Even though I'm not smart, they still raised me because I'm their son.
And it's the same for you.
Just like I've got scolded by them for not behaving well.
you too can't always be good
Still, we want to be a good family to you..
It's not only because you saved my life, but especially because we really do think of you as family.
Just try to think about it
What's mine is yours and what's yours is mine
It's true that you chose Y Uie because of me, but
Even still wanna( you to attend A Uie, even if you got -ach-ierah- for Y Uie... you know..?
아니요.
받은드셨듯이
제가 가고싶어서

Y태정도면 괜찮아
제가 아주 배려는 겨도
아니구요.

I won't wanna spit on you later.

You father may had given you a sort of price, but
we're not like that.

Why are you pressing it suddenly by yourself?

Can't you simply accept their casket money and not let your mind? You can do whatever you want with it then.

Don't mind money, just please look into your heart

Can't you just try and relax yourself?

Also, what is in all those pills?

I'm interested in nobody but you.

I wasn't interested in that 1-year either.

I thought I could get to like her, but
I quitted it right way because of you.

두근
두근
두근
두근
Nobody has made my heart race like you do.

YOU'RE THE ONLY ONE I LIKE!!

You've always been the only one for me, but
why am I not in your future?
Why do you think we'll break up for sure?
Do you want it?
Tell me if you want it!
We don't have to break up
We wouldn't have to worry about this kind of stuff,
so why are you like this?
Can't I get sullen a little?
If it happens, will you prepare to leave right away?
Am I that bad to you?
Why don't you take some courage instead of pushing me away?
Are you scared of someone who's not in your future?
Jaehwan, you see those of us like "These guys seem good
and must get along well?
I'm dating you now
because I like you,
so why are you still comparing yourself with others?

No matter how many people I get to know, I still like YOU!
Do I look like an easy guy to you?
Can't you trust me?
Have you tried to get into my heart?
WHO ARE YOU TO DECIDE WHAT MY HEART FEELS!!!
You're really something...
I could never compare you with anyone.
I couldn't answer you back then, but
not only for your friend, I do think you're awesome.
lovely,
and a really good guy.
but what else do I need to do

WHAT ELSE!!!
Do you really trust me..?
You think you're the only one nervous?
You say I'll eventually leave you, but
haven't you thought about you leaving me?
What?
I can't do that,
What are you talking about!
How could I...!
Then why did you do that?
W-What did I...?
but I wish you too could feel the same pain I felt.
When I told you I like you.
that day you went straight to bed.

You went straight to bed

Alas now, you should know who has a light heart

But still, I

Thump

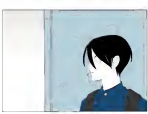
Thump

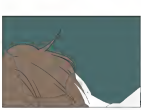
I've come back to you once again.

It had been our "last".

Hmm...

Got it.





Have you cried?
When's with that sudden question?

Today...at school
I'm tired

Let's talk tomorrow

It's my fault
I'll give it back! don't go!

...
...

Go to bed if you're sleepy
No
You're making me sleepy as well, just go to bed
It's fine

Ah, you're horny!
....

Why acting cool when you're actually this scared

Still, why are you thinking about the end already?!

I wish he could simply say to me "You're mine, you're the only one I like".

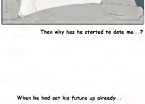
I'm confident about that, but

why isn't it the same for you..

It's true that I made a mistake that time, but

I was still thinking that way

In the end, Min Gyun does think of me as that kind of jerk...



Then why has he started to date me...?

When he had set his future up already..

It's hard

It's really hard.

This must be really the end.

I want to sleep

I wanna go home.

Then, what happens once I've woken up?

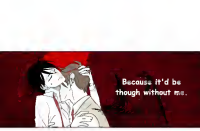
I told you,
I told you.

I thought I could trap you



Because you're all surrounded by those girls, I'm afraid you'll leave me someday.

I'm your first so it may look overbearing to you. But we're 20 already.

These words

You're cowardly thinking I could throw you away easily.

Even after I told you I liked you, that day you spent the night with someone else.

...can quickly turn into these words.

I didn't wake up,
I wasn't hoping for that,
but

What if it happened

I was scared.

I'm sorry

I... slept

with him

Whom have I ever said we're dating?

He knew everything,

and still he came to me

If I turned around
first, I thought it'd
have ended

I was thinking about
the worst situation in
advance

I hoped that situation
never occurred,

and I was sure it'd have
hurt less if I was mentally
prepared already.

But I didn't think
it wasn't the right thing to do.

Just by looking into your eyes

I could feel you.

but it was just a dream.
I should live the reality.
